Film	MDF 2.0mm		
Foamex	Mountboard		

PowerTech PT SERIES

- ✓ Power driven large format, precision, robust trimmer
- ✓ Optional high speed and normal speed variants
- ✓ Foot pedal operation with automatic safety clamp enables a single user to easily position and cut large materials
- ✓ Cuts a wide range of materials without adjustment
- ✓ Overload protection feature
- ✓ Range of cutting lengths from 0.65 metres up to 2.5 metres
- ✓ Ultra hard Sheffield D2 'Tool Steel' self-sharpening, precision engineered blades
- ✓ Large single square stainless steel guide rail completely eliminates head swivel
- ✓ Aluminium baseboard, end frames, head and side rule
- ✓ Also available: Stand & Waste Collector to fit the model of your choice

Rotatrim
The world's finest rotary cutting equipment since 1966

Engineered for *Total Cut* Precision

Machine Speed Options

The *PowerTech PT Series* is available in both normal speed and high speed variants. The normal speed variant cuts at 0.5m/sec and has more torque so is better for trimming heavier materials. The high speed version cuts at 1.0m/sec and is better where lighter materials (generally up to 1.0mm) in thickness are being cut. On the high speed machine, it is also possible to remove the RCC plate (as it is used for thinner materials), to allow for a cut to be performed in both directions.

A range of accessories can be purchased separately including Extended Rule Kits; Roll Dispenser; Stand & Waste Collector.
Visit www.rotatrim.com for details.

Model	Cut Length mm	in	Paper Size Landscape	Overall Length mm	in	Cut Capacity mm	in	Weight kg	lb
PT650	650	26	A2	1395	55	3.0	0.157	48.7	107.2

All *PowerTech* machines come complete with foot pedal, mains power cable, spare cutting wheel.

Rotatrim was formed in 1966 with a vision to create the finest rotary trimmer ever; a philosophy and a passion that continues to this present day.

Using only the finest quality materials and precision engineered components, each trimmer is hand assembled by skilled technicians to exact tolerances, to construct a precise, exceptionally reliable, ultra durable trimmer. Each machine goes through a process of stringent quality checks at manufacture and assembly to ensure you receive what you have come to expect... the world's finest rotary cutting equipment.

We want to ensure you select the correct product for your needs. Should you have any questions or require further information, please contact our Sales Team on +44 (0) 1234 22 45 45 or email: uksales@rotatrim.co.uk or visit www.rotatrim.com

The Rotatrim logo features the brand name in a bold, blue, italicized sans-serif font. The 'a' in 'Trim' is stylized with a horizontal bar. A registered trademark symbol (®) is located at the top right of the 'm'.
